# Beauty and Value Maintenance for Outside Surfaces!

**Quality that pays off** - CLASSIC OUTDOOROIL is a high-solid impregnation oil on the basis of natural oils, offering deep penetration and excellent care. It protects the woods and makes the wood surface dirt- and water-repellent. Along with the colorless variant CLASSIC OUTDOOROIL COLORLESS, Berger-Seidle offers also beautiful and varied color variants by CLASSIC OUTDOOROIL COLOR. CLASSIC OUTDOOROIL is ready-to-use and topcoatable with its own self. It meets the requirements of the decopaint directive and is free of biocide agents; that is the reason why it is generally authorized

for use on wood surfaces and especially recommended for wooden terraces and garden furniture. The product is good for all commercially available wood species. Thanks to its easy applicability, its high economicalness, short drying times and strong protection this product ranks among the best of its class. Moreover it excels by its resource-saving and environment-sparing formulation. The perfectly matched product range of Berger-Seidle offers an additional cleaning option for older patio wood, such as Brilliance BioSoap. Further details are listed in the technical data sheet.

## The Benefits

- + Speed:** quick drying time of only 10-14 hours
- + Health:** free of biocides or preservatives, so, when dried, safe for men, animals and plants
- + Sustainability:** on the basis of natural and renewable raw materials
- + Weather protection:** excellent UV protection and weather resistance
- + Color brilliance:** nice color retention and color emphasis
- + Working method:** easy application with suitable brushes
- + Use:** easy use allowing uniform flow and flawless look
- + Durability:** very good protective effect to ensure wood durability
- + Quality formulation:** high solid content and strong impregnation effect
- + Economicalness:** high economicalness means many square meters per litre
- + Coat options:** one or two coats possible, so as to define intensity and protectivity
- + Flexibility:** suitable for all wood species for use outside
- + Creativity:** colorful design options due to great color variety.

## The Color Variants (applied on pine, natural)
